

Dream College Pennants

Introduction

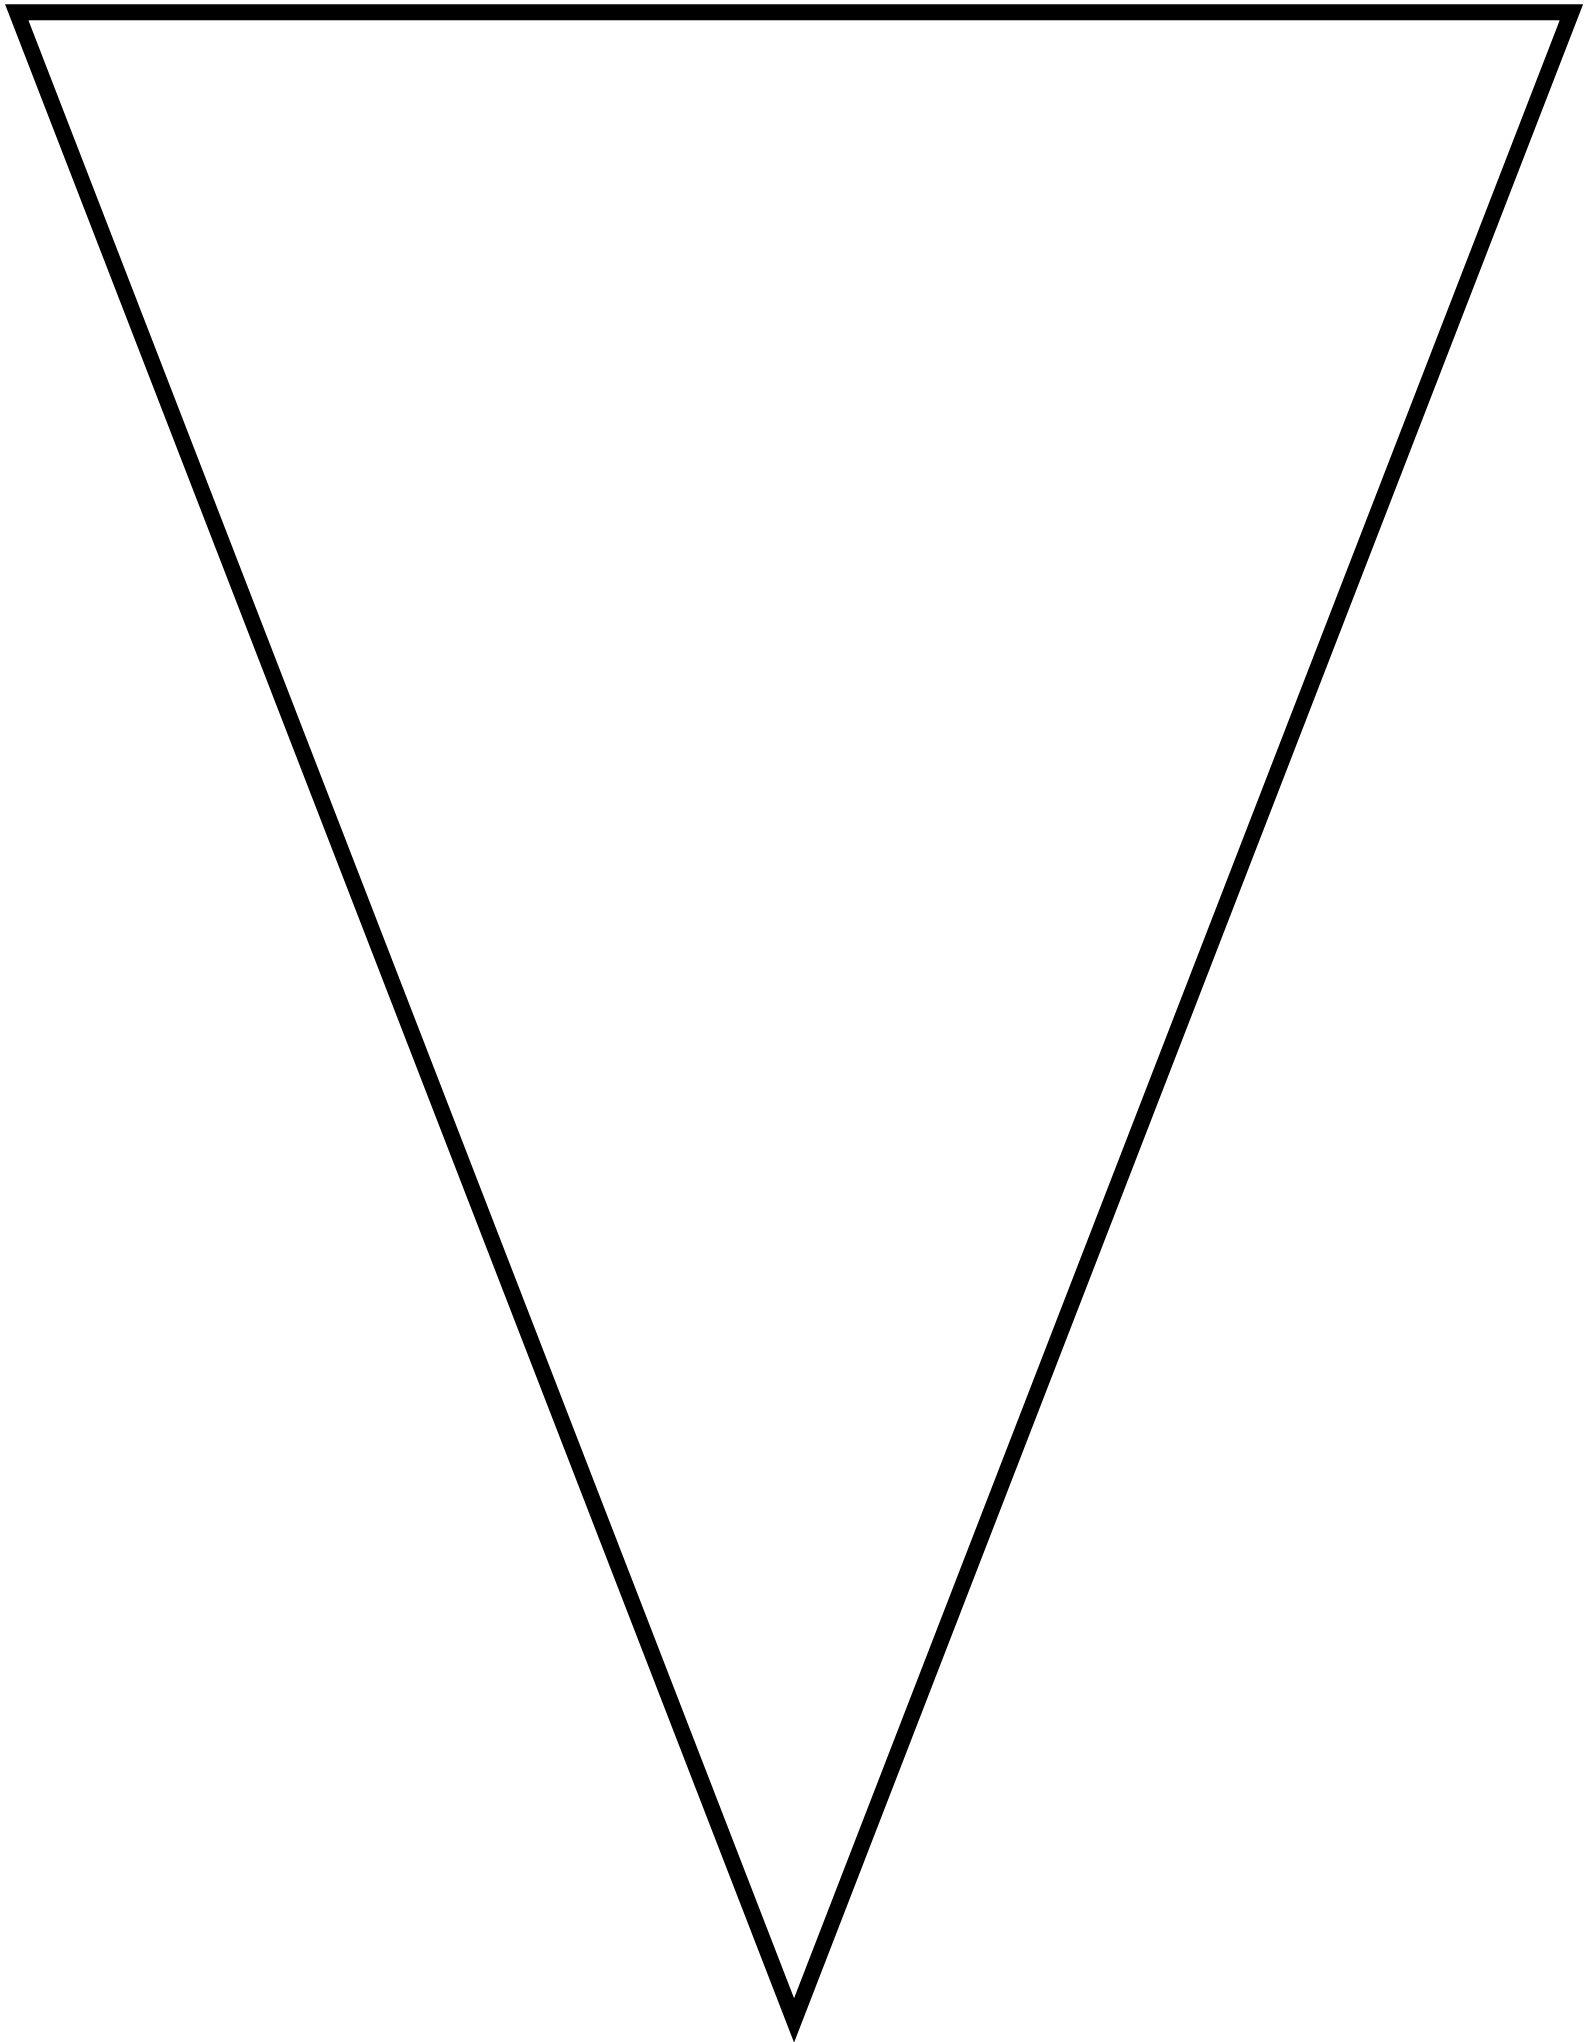

Decorate a pennant for your dream college!

Materials

- Print-out pennant template (below) OR draw your own pennant on a piece of paper (remember to write your facts about the school on the back!)
- Markers, crayons, or paint for designing your pennant

Instructions

Use the internet to research a college that interests you or get creative and make up your own college. Make sure to include the college's name and mascot on the front of the pennant and use the school's colors to decorate. On the back, share some facts about the college that other students might want to know, like the location of the school, the number of students, what classes are offered, and a fun fact. When you're done, cut out your pennant and hang it up where everyone can see it!

Name of college/university: _____

Number of students: _____

Location: _____

School colors: _____

Mascot: _____

Classes offered: _____

Fun fact: _____
