May College Scoop

[Using Degree Works: The Basics]

How to Read Your Degree Works

Understanding which courses you've completed and where you still need credits is essential for staying on track to graduate. This video will guide you through how to use Degree Works to monitor your academic progress. If your college doesn't use Degree Works, be sure to connect with Academic Advising to learn how to navigate the system your school uses.

During the Summer Plan Ahead:

- Review course syllabi as soon as they are available
- Create a schedule
  - Include both work time and free time
- Create a budget for the fall semester
- Prepare your materials and what you will need for the following semester
  - Include making a shopping list if you are missing materials
- Start getting on a good sleeping and eating schedule for your class and study times
